

הכנס השנתי של האגודה הישראלית לחקר הפוריות (איל"ה)

1-2.6.2026 | אקספו תל אביב

Abstract Submissions

General Guidelines

Participants wishing to take an active role in the conference are invited to submit an abstract to the Scientific Committee. The abstract submission format for this conference follows the standard format used by the **ESHRE** conference.

Abstracts must be submitted in English only, and must not exceed 650 words, in accordance with the format outlined below.

Abstract Structure

All abstracts must be structured according to the following format.

Each sub-heading has a fixed maximum word limit, which must be strictly observed.

1. **Abstract title** – Maximum 25 words
2. **Study question** – Maximum 25 words
3. **Summary answer** – Maximum 25 words
4. **What is known already** – Maximum 100 words
5. **Study design, size, duration** – Maximum 75 words
6. **Participants/materials, setting, methods** – Maximum 75 words
7. **Main results and the role of chance** – Maximum 200 words
8. **Limitations, reasons for caution** – Maximum 50 words
9. **Wider implications of the findings** – Maximum 50 words
10. **Study funding / competing interest(s)** – Selection from predefined options
11. **Trial registration number** – Maximum 25 words

Each abstract must be submitted under one of the following categories:

- Embryology
- Andrology
- Basic Science
- Artificial Intelligence (AI)
- Assisted Reproductive Technology (ART)
- Reproductive Genetics (PGT)
- Implantation and Early Pregnancy
- Endometriosis
- Male and Female Fertility Preservation
- Reproductive Endocrinology

Required Information for Submission

Please prepare the following information prior to submission:

- Abstract title
- Full names of all authors
- Affiliations of each author (institution, city, country)
- Contact details of the presenting author (email and phone number)

Submission Instructions

- Please ensure that all revisions, corrections, and proofreading are completed prior to submission.
- Once submitted, the abstract cannot be edited.
- Requests for post-submission changes must be directed to the conference secretariat and should include the presenting author's name and abstract confirmation number.

The Scientific Committee reserves the right to:

1. Select abstracts relevant to the scientific sessions.
2. Determine the final presentation format of each abstract (oral or poster).

Only **one abstract per presenting author** will be accepted for presentation.

The list of accepted abstracts and posters will be published in the final program and on the conference website.

Submission Deadline

Abstracts must be submitted by date 24.02.26 at 23:59 (midnight).

The submission will open on February 8, 2026

Sincerely,
The Israeli Fertility Association (IFA)
